## BOWEN HAS STARTED ATTENDANCE GREATER

## COALS AT KINGSTON. SPRINGER'S ADDRESS

The Status of Italy Excites Considerable Attention, That Government Being Influenced by Economic Conditions. Speech of President of the National Livestock Association Pertained to Protection of the Industry in Future.

Washington, Jan. 13.—Minister Bowen, before leaving La Guayra Saturday on the Dolphin, dispatched a short cablegram to the state department announcing his departure, but not stating what port he expected to make in the United States. The navy department was informed that the boat would stop first at Kingston for coal.

Inquiries at the state department as to whether or not answers had been received from the European capitals to Castro's last communication as to arbitration developed the fact that the department has now nothing to do directly or indirectly with the exchanges that may pass between the powers and Venezuela. The functions of the department are said to have ceased when it brought the parties together, and they must hereafter communicate directly.

Presumably Mr. Bowen will be addressed as the representative of Venezuela, and as he cannot be reached on shipboard, there probably will be a halt in the exchanges.

Advises received here indicate that while Minister Bowen comes as Venezuela's commissioner in negotiations looking to a settlement of the claims of the allies, President Castro has made it a condition that the blockade shall be raised before Mr. Bowen proceeds with the preparation of the protocol for the peaceful adjustment of the claims. Moreover, it now develops that in this request Venezuela is likely to have the support of Italy. The United States, though not a party to the negotiations, of course will throw the weight of its moral influence on the same side. The Italian government is influenced in its course by purely economic conditions. It does not desire to crush Venezuela, but simply to procure the repayment of claims. The continuance of the blockade, by sapping the very life out of the country, threatens to make it impossible for Venezuela to pay these claims within any reasonable period of time, so that any judgment rendered against her by private arrangement or by The Hague tribunal would be hollow and almost without results. Furthermore, it is held by Italy that it is really not sufficient reason for a continuance of the blockade, which is working great harm to trade, as it already has had its full moral influence upon Castro and longer punishment would serve no useful purpose in the Italian view.

The Italian government, it is stated, remains thoroughly loyal to the alliance into which it has entered with Germany and Great Britain.

### International Bricklayers.

Memphis, Tenn., Jan. 13.—The annual convention of the Bricklayers' and Masons' International Union of America convened at Germania hall for a session of two weeks' duration. There are 300 delegates present and General Secretary Dobson was kept busy throughout Monday morning registering the arrivals. The convention was called to order by President George P. Gubbins of Chicago. Welcoming addresses were made, and after a response by President Gubbins the work of organization was begun.

### Called on Combs.

Lexington, Ky., Jan. 13.—William Fitzgerald of Grand Rapids, Mich., father of William Fitzgerald, Jr., who was killed in Guatemala by W. Godfrey Hunter, Jr., came here Monday to see Hon. Leslie Combs before the latter left for his post as minister to Guatemala, vice W. Godfrey Hunter. Fitzgerald saw Combs before the latter's departure and they had a long talk. It is believed he is here to take steps to further prosecute Hunter and remove his son's remains to America.

### Arrested Ten Indians.

South McAlester, I. T., Jan. 13.—Ten full-blooded Choctaw Indians of various ages were brought here and confined in the United States jail on a charge of murder. They are accused of killing Joe Allen, a young man of Coalgate, at Moose Lake, sixty miles southeast of here, last week. The dead man's brother was also shot, but not seriously injured.

### Big Jump in Price.

Chicago, Jan. 13.—The wholesale price of anthracite coal has been advanced \$3 at one jump. Present wholesale price is \$11.50 per ton.

### Fire in Wisconsin.

Lacrosse, Wis., Jan. 13.—Fire at Onalaska, five miles north of here, destroyed the general store of Thomas Thompson, a dwelling and Woodmen hall. Loss about \$50,000.

Speech of President of the National Livestock Association Pertained to Protection of the Industry in Future.

Kansas City, Jan. 13.—The sixth annual convention of the National Livestock association began a four-day session at the Century theater here today.

The attendance is greater than at any previous gathering of the association, and the work achieved will probably stand forth as the most important of any that has resulted from a like convention in this country.

Governor Dockery was to have extended the welcome on behalf of the state, but was ill and unable to be present. Mayor James A. Reed took his place and in an eloquent address welcomed the delegates; speaking for the city and state. The response on behalf of the association was made by Peter Janson of Nebraska, who spoke in glowing terms of the work before the convention and the future importance of the National Livestock association.

John W. Springer, the president, then delivered an address. It was a forceful paper and dealt with legislation pending and future necessary for protection of the livestock association industry.

Charles F. Martin of Denver, secretary of the association, followed with his annual report. It showed a steady increase in membership and gave the scope of the association.

Papers were read by Hon. L. C. Boyle of Missouri on "Mortgage Law With Reference to Livestock;" by Dr. J. Wythe of Oregon, on "The Great Northwest as a Stock Country;" by W. V. Galbreath of Texas, on "Railway Livestock Agents and Their Relation to Shippers;" and by Thomas Kelly of Illinois on "The Movement of Livestock and Prospects for 1903." Each paper was discussed by delegates.

### RETAIL GROCERS.

The Sixth Annual Convention Is in Session at Kansas City.

Kansas City, Jan. 13.—Grocers are here from all parts of the country to attend the sixth annual convention of the National Association of Retail Grocers, which has opened a three days' meeting.

About 200 of the 300 of the expected delegates had arrived when the first session was called to order.

Two fights are looked for: One on the proposition to change the name of the association with a few of making its scope broader, and another on the next convention place. San Francisco, Buffalo, Washington, Atlanta, Dallas and Little Rock are competing for the honor. President Williams and Secretary Pfeiffer are up for reelection. The first session was taken up principally with routine work. It closed with an address by William Gray of Brooklyn, on "The Evils of the Department Store."

### Conferred With Mayor Low.

New York, Jan. 13.—Mayor Low and representatives of the coal carrying roads held a conference to discuss the coal situation in Greater New York. President Baer read a statement describing the position of the coal roads. He maintained that the roads were doing all possible to relieve the situation. The situation is full of difficulties, and the failure of the miners to work during the holidays had reduced the output and prices had been unduly advanced by smaller companies and individual operators.

### "Deny Impertinent Rumors."

Vienna, Jan. 13.—Countess Lonyay, former Crown Princess Stephanie of Austria-Hungary, who, it had been asserted in newspapers, has been deserted by her husband, Count Elmer Lonyay, has telegraphed to the Neues Wiener Journal from Cape Martin, near Mentone, France, as follows: "Stories are untrue. Count is here. Deny impertinent rumors."

### Fire in Gould Residence.

New York, Jan. 13.—Fire which began in a mysterious manner in the woodwork of the north side of the hall of the home of George J. Gould burned valuable tapestries and several paintings hanging on the broad staircase, doing damage estimated by the firemen at \$10,000. It may be more. Mr. Gould and his family are absent from the city.

### Chief Justice of South Carolina Dead.

Cheraw, S. C., Jan. 13.—Chief Justice Henry Belver died here. He was seventy-six years of age and leaves two sons and one daughter, Thomas P. Melver of Charleston, Senator Edward Melver and Mrs. R. C. Watts of Cheraw.

### NEFF ELECTED SPEAKER.

Special to the Eagle.

Austin, Tex., Jan. 13, 3:30 p. m.—Neff's majority over Schluter, 16 votes. CLIFF A. ADAMS.

The foregoing special tells the tale of a hotly contested fight over the Speakership of the Texas House of Representatives, which it took the vote itself to decide, so well were the candidates matched in strength. Neff's victory is quite complimentary to him under the circumstances, for Schluter is said to have had the support of the administration and Senator Bailey.

## DUNCAN WAS CONVICTED

On Plea of Guilty—Young Brought Back to Bryan.

Anderson, Texas, January, 12.—Duncan and Young, the two men claiming to be from Houston, who were recently arrested at College Station and brought back here for trial, were today brought into court to answer to a charge of burglarizing a store at Iola. Duncan was first placed on trial and surprised the prosecution by pleading guilty to the charges of burglary and theft on which he was indicted. He was given four years in one case and two years in the other. The cases against Young were dismissed by the district attorney. The sheriff of Brazos county was in court and as soon as Young was released he placed him under arrest on a warrant charging him with bringing stolen money into Brazos county. Young was taken to Bryan tonight.

Duncan or Dunlap, as he was called here, and Young were taken on a bench warrant from Bryan to Anderson, after they had been given a preliminary hearing here, and the bond of each fixed at \$1000, which neither gave. As above stated Young has been brought back to Bryan and is now in jail here.

### FARMERS CONGRESS.

Will be Held at College Station July 7 to 10 Inclusive.

Dr. David F. Houston and Secretary B. C. Pittuck have returned from a meeting of the executive committee of the Texas Farmers Congress held in Dallas Saturday. President J. H. Connell of the Congress presided at the meeting, and it was decided to hold the sixth annual session at College Station, July 7 to 10 inclusive.

All the necessary committees were appointed to secure railroad rates, etc.

Dr. Houston will deliver the address of welcome and Prof. Connell the response. The congress now embraces more than a dozen minor organizations, and will be very largely attended, judging by the growing interest manifested last year.

### GLOOMY VIEW.

In the Prussian Diet Speech of Chancellor Shows a Deficit.

Berlin, Jan. 13.—Prussian diet has been reopened. Chancellor von Buelow read his speech from the throne. No mention was made of the foreign matters nor canal bill. The speech took a gloomy view of the finances of Prussia. It is said the accounts for 1901 closed with a deficit of \$9,373,000, and added that it was not anticipated the accounts for 1902 would be appreciably more satisfactory. As for 1903, a demand would have to be made on the public credit for a considerable loan in order to establish an equilibrium between revenue and expenditures, as in consequence of the depression in agriculture, trade and industry, further depreciation of receipts in the several administrative departments would result.

Bills were announced for furthering Germanization of Polish provinces in Prussia and measures to improve administration of railroads and for extension of state railroad system also were proposed.

### ARE FIGHTING.

Pretender and Sultan of Morocco Forces Engaged in Combat.

Madrid, Jan. 13.—Fighting is proceeding between the troops of the sultan of Morocco and the forces of the pretender to the throne, according to a dispatch received by the Globe from Fez. The followers of the pretender are said to be overcoming the imperial troops. The correspondent of the Globe adds the inhabitants of Fez have risen against the sultan, and that anxiety reigns at Rabt, where Europeans are in fear of an immediate attack by the pretender's forces. The sultan's representatives at Tangier have been ordered to seize cattle and dispatch reinforcements to the sultan.

### Rebate Provision.

Washington, Jan. 13.—The ways and means committee of the house decided to report the bill providing for a rebate equal to the duty now imposed on all kinds of coal coming from all countries for a period of one year. This bill is a substitute for the one introduced by Representative Hill of Connecticut, which provides for a rebate until June 30 next.

It is expected that the bill will be called up in the house at once.

### Manner Defined.

New Haven, Conn., Jan. 13.—The supreme judicial court has sent down an important decision defining the manner in which fire insurance companies should be pro-rated when the insurance is covered partly by blanket and partly by specific policies and the loss is partial. The decision covers a point not hitherto determined, and is of unusual interest to lawyers and insurance men.

### Grain Inspected.

Guthrie, Ok., Jan. 13.—The biennial report of C. T. Prouty, territorial grain inspector, has been filed with the governor, showing 3137 cars of grain inspected in 1901 and 4086 in 1902.

## MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you,' but there is much more in my heart for you."

**B**EARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

**A Weak Stomach**

Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

Denver, Jan. 13.—James Peabody, Republican, succeeded James B. Oram, Democrat, as governor of Colorado. The inauguration was made the occasion of the greatest military parade ever seen in Denver, with nearly all of the members of the National Guard participating. Nearly 2000 people massed on the capitol grounds to hear Governor Peabody's inaugural message.

He said the outstanding certificates of state indebtedness and excess warrants, amounting to more than \$1,500,000, with accrued interest, should be paid, and recommended the submission of a constitutional amendment which will permit refunding these obligations. He urged a liberal appropriation for expenses of fighting the suit of Kansas to prevent the use of Arkansas river water for irrigation in this state, and opposed the plan of the Louisiana Purchase exposition commission for the erection of a permanent building at St. Louis. He favored a law to do away with the state board of arbitration and confer the duties and powers upon the labor commission.

**SLAIN BY A WOMAN.**

Student Killed by Mrs. Effie L. Carson Over Alleged Slander.

Macon, Ga., Jan. 13.—Mrs. Effie L. Carson, wife of a railroad machinist, formerly the wife of Ernest Thompson, a printer, shot and instantly killed Robert A. Rigsby, a student in a business college here. The tragedy took place in the law office of Marquette C. Bayne, an attorney, to whom she had gone for advice. She shot the man twice in the head and once through the heart. She emptied her revolver, the other shots going wild. She at once delivered herself to the sheriff, going across the street with the smoking weapon in her hand.

Mrs. Carson was promptly placed in jail, but was subsequently released on a bond of \$1000.

The coroner's jury found a verdict of voluntary manslaughter.

Mrs. Carter was a teacher of telegraphy in another business college. She charged that Rigsby had circulated stories damaging to her character and had gone to the lawyer with a paper for Rigsby to sign, exonerating her. The lawyer took the paper to the college and submitted it to Rigsby, who declined to sign, but asked a personal interview. He went to the lawyer's office and immediately asked the lawyer and his stenographer to step into the hall. The door was at once locked. In a few moments the shots rang out and Mrs. Carson appeared announcing that she had killed the man.

Rigsby was found on the floor dead with his own revolver near his right hand. What occurred between them is not known except for an admission by Mrs. Carson that he applied an opprobrious epithet to her. Rigsby was originally from Bowling Green, Ky., or a village near by, and is said to be a member of a family prominent there. He had conducted a business college in Tampa, Fla., but had come to Macon to complete his education, intending to open another college in June. He was about twenty-five years of age.

**SHORT SESSION.**

House Adjourned Out of Respect to Representative Tongue.

Washington, Jan. 13.—The house Monday, after adopting a resolution to authorize the merchant marine and fisheries committee to investigate the coal situation, at once adjourned out of respect to the memory of the late Representative Tongue, of Oregon, after appointing of a committee to attend the funeral. The resolution to investigate the coal situation recites the fact that a resolution has been introduced to extend the privilege of carrying coal to coastwise ports to foreign steamers for ninety days because the present scarcity of coal involves great suffering and distress and authorizes the committee to investigate facts, charges and necessities; to inquire into the elements and conditions involved in the trade, the cost of coal, the methods, facilities and cost of transportation and distribution of the same and the reasons or causes of such scarcity and distress.

The committee is directed to report the testimony with their conclusions thereon to the house as soon as possible. It is given power to send for persons and papers to administer oaths, etc., and incur such expense as may be deemed necessary. The meetings are to be held in Washington and in such other places as the committee may determine.

The desk of Representative Tongue of Oregon, who died suddenly in this city Sunday, was heavily draped with black and covered with flowers. The chaplain, in his invocation, referred feelingly to the loss the house had sustained and prayed for the bereaved widow and children.

**WARM DEBATE.**

Messrs. Aldrich, Vest and Carmack Discuss Coal Duty Bill.

Washington, Jan. 13.—A lively debate occurred in the senate Monday between Messrs. Aldrich, Vest and Carmack, when the first named endeavored to secure a postponement of the Vest resolution requiring the committee on finance to report a bill removing the duty on coal. The proposition was not acceptable to Mr. Vest, who expressed the opinion that to allow the resolution "to go into the uncertain and nebulous future" would mean defeat. At 3 o'clock the statehood measure was taken up and Mr. Nelson continued his remarks in opposition to the omnibus bill, but had not concluded when, at 4 o'clock, by unanimous consent a large number of unobjectionable pension bills on the calendar were passed. Mr. Mitchell of Oregon announced the death in this city of Representative Tongue of Oregon and offered the usual resolution expressing the sorrow of the senate. The president pro tem appointed Messrs. Mitchell, Perkins, (Cal.) Doliver and Dubois a committee on the part of the senate to accompany the remains to Oregon and the senate at 5:15 o'clock adjourned.

**Unfavorable Report.**

The Spanish government has telegraphed there for information for Feito's antecedents.
